

IT'S A NECESSITY, NOT A LUXURY.

DO THE RIGHT THING.

Can you imagine any public restroom without toilet paper, seat covers, paper towels, or soap? HOSPECO believes that menstrual care products are necessities, too. Through our Period Partner initiative, we hope to generate a change in away-from-home restrooms.

If you think the same way and want all of your guests to be taken care of, HOSPECO'S Evogen™ Dual Feminine Hygiene Dispenser lets you vend or offer products on a complimentary basis. You can do your part, do the right thing for your patrons, and enhance your brand.
